Week-	Final abilities of each learning stage (Sub-PO)	Evaluation		Help Learning, Learning methods, Student Assignments, [Estimated time]		Learning materials [References]	Assessment Weight (%)
		Indicator	Criteria & Form	Offline (offline)	Online (online)		
(1)	(2)	(3)	(4)	(5)	(6)	(7)	(8)
1	Students are able to identify problems related to public economic policy	Students are able to propose journal topics and understand the course output timeline	<p>Criteria: Students collect journal topics related to public economic policy</p> <p>Form of Assessment : Project Results Assessment / Product Assessment</p>	3 X 50		<p>Material: Identifying journal topics related to public economic policy. Reader: <i>Jonatahan Gruber. 2011. Public Finance and Public Policy. New York: Worth Publishers</i></p>	100%
2	Students are able to identify problems related to public economic policy	Able to identify problems related to public economic policy	<p>Criteria: Students describe problems related to public economic policy in the form of structured writing</p> <p>Form of Assessment : Project Results Assessment / Product Assessment</p>	3 X 50		<p>Material: outlining problems related to public economic policy Reader: <i>Jonatahan Gruber. 2011. Public Finance and Public Policy. New York: Worth Publishers</i></p>	100%
3	Students are able to identify problems related to public economic policy	Students are able to present empirical data support that shows problems related to public economic policy	<p>Criteria: Empirical data support is presented that shows problems related to public economic policy</p> <p>Form of Assessment : Project Results Assessment / Product Assessment</p>	3 X 50		<p>Material: Empirical data support Reader: <i>Jonatahan Gruber. 2011. Public Finance and Public Policy. New York: Worth Publishers</i></p>	100%

4	Students are able to formulate the benefits and objectives of public economic policy topics in the context of preparing journal articles	Students are able to formulate the benefits and objectives of public economic policy topics in the context of preparing journal articles	<p>Criteria: There is a formulation of the benefits and objectives of public economic policy topics</p> <p>Form of Assessment : Project Results Assessment / Product Assessment</p>	3 X 50		<p>Material: Formulation of the benefits and objectives of public economic policy topics. Reference: <i>Jonatahan Gruber. 2011. Public Finance and Public Policy. New York: Worth Publishers</i></p>	100%
5	Students are able to explain theories related to the topic of public economic policy in the context of preparing journal articles	Students are able to explain theories related to the topic of public economic policy in the context of preparing journal articles	<p>Criteria: Theories related to the topic of public economic policy in the context of preparing journal articles are explained in structured writing</p> <p>Form of Assessment : Project Results Assessment / Product Assessment</p>	3 X 50		<p>Material: theories related to the topic of public economic policy. Reader: <i>Jonatahan Gruber. 2011. Public Finance and Public Policy. New York: Worth Publishers</i></p>	100%
6	Students are able to obtain previous research journal articles related to public economic policy topics by browsing the journal article web pages	Able to understand the social security system	<p>Criteria: Previous research journal articles related to public economic policy topics were obtained by searching the journal article web pages</p>	3 X 50		<p>Material: Previous research matrix. Reference: <i>Jonatahan Gruber. 2011. Public Finance and Public Policy. New York: Worth Publishers</i></p>	100%
7	Students are able to compile a matrix of previous research related to public economic policy topics	Students are able to compile a matrix of previous research related to public economic policy topics	<p>Criteria: Previous research matrices related to the topic of public economic policy are arranged in tabular form</p> <p>Form of Assessment : Project Results Assessment / Product Assessment</p>	3 X 50		<p>Material: Previous research matrix. Reference: <i>Jonatahan Gruber. 2011. Public Finance and Public Policy. New York: Worth Publishers</i></p>	100%
8	Students are able to convey the progress of journal articles	<p>1.UTS</p> <p>2. Students are able to convey the progress of journal articles</p>	<p>Criteria: Progress of journal articles is presented in scientific forums</p> <p>Form of Assessment : Project Results Assessment / Product Assessment</p>	3 X 50			100%

9	Students are able to formulate hypotheses related to public economic policy topics in the context of preparing journal articles	Students are able to formulate hypotheses related to public economic policy topics in the context of preparing journal articles	<p>Criteria: Hypotheses are prepared in relation to the topic of public economic policy in the context of preparing journal articles</p> <p>Form of Assessment : Project Results Assessment / Product Assessment</p>	Problem Based Learning 3 X 50		<p>Material: Developing hypotheses related to the topic of public economic policy. Reader: <i>Jonatahan Gruber. 2011. Public Finance and Public Policy. New York: Worth Publishers</i></p>	100%
10	Students are able to identify analytical tools used to answer problems related to public economic policy topics	Students are able to identify analytical tools used to answer problems related to public economic policy topics	<p>Criteria: Analytical tools used to answer problems related to public economic policy topics can be identified</p> <p>Form of Assessment : Project Results Assessment / Product Assessment</p>	Problem Based Learning 3 X 50		<p>Material: identification of analytical tools Bibliography: <i>Jonatahan Gruber. 2011. Public Finance and Public Policy. New York: Worth Publishers</i></p>	100%
11	Students are able to identify analytical tools used to answer problems related to public economic policy topics	Students are able to identify analytical tools used to answer problems related to public economic policy topics	<p>Criteria: Analytical tools used to answer problems related to public economic policy topics can be identified</p> <p>Form of Assessment : Project Results Assessment / Product Assessment</p>	3 X 50		<p>Material: identification of analytical tools Bibliography: <i>Jonatahan Gruber. 2011. Public Finance and Public Policy. New York: Worth Publishers</i></p> <p>Material: Analytical tools Bibliography: <i>Jonatahan Gruber. 2011. Public Finance and Public Policy. New York: Worth Publishers</i></p>	100%
12	Students are able to collect and tabulate data that will be used in data analysis	Students are able to collect and tabulate data that will be used in data analysis	<p>Criteria: Data can be collected and tabulated to be used in data analysis</p> <p>Form of Assessment : Project Results Assessment / Product Assessment</p>	Problem Based Learning 3 X 50		<p>Material: Collecting and tabulating data Bibliography: <i>Jonatahan Gruber. 2011. Public Finance and Public Policy. New York: Worth Publishers</i></p>	100%
13	Students are able to run data using appropriate software	Students are able to run data using appropriate software	<p>Criteria: Running data using appropriate software</p> <p>Form of Assessment : Project Results Assessment / Product Assessment</p>	Problem Based Learning 3 X 50		<p>Material: Running data using appropriate software. Reader: <i>Jonatahan Gruber. 2011. Public Finance and Public Policy. New York: Worth Publishers</i></p>	100%

14			Criteria: Description of Data Analysis Results can be compiled Form of Assessment : Project Results Assessment / Product Assessment	Problem Based Learning 3 X 50		Material: Description of Data Analysis Results Library: <i>Jonatahan Gruber. 2011. Public Finance and Public Policy. New York: Worth Publishers</i>	100%
15	Students are able to assemble problems from analysis results to conclusions related to public economic policy topics into journal articles	Students are able to assemble problems from analysis results to conclusions related to public economic policy topics into journal articles	Criteria: Problems and analysis conclusions related to public economic policy topics can be compiled into journal articles Form of Assessment : Project Results Assessment / Product Assessment	3 X 50		Material: Analysis conclusions related to the topic of public economic policy. Reader: <i>Jonatahan Gruber. 2011. Public Finance and Public Policy. New York: Worth Publishers</i>	100%
16	Students are able to present conclusions from data analysis in scientific forums	Students are able to present conclusions from data analysis in scientific forums	Criteria: conclusions from data analysis are presented in scientific forums Form of Assessment : Project Results Assessment / Product Assessment	3 X 50		Material: conclusions from data analysis presented in scientific forums Reader: <i>Jonatahan Gruber. 2011. Public Finance and Public Policy. New York: Worth Publishers</i>	100%

Evaluation Percentage Recap: Project Based Learning

No	Evaluation	Percentage
1.	Project Results Assessment / Product Assessment	1500%
		100%

Notes

- Learning Outcomes of Study Program Graduates (PLO - Study Program)** are the abilities possessed by each Study Program graduate which are the internalization of attitudes, mastery of knowledge and skills according to the level of their study program obtained through the learning process.
- The PLO imposed on courses** are several learning outcomes of study program graduates (CPL-Study Program) which are used for the formation/development of a course consisting of aspects of attitude, general skills, special skills and knowledge.
- Program Objectives (PO)** are abilities that are specifically described from the PLO assigned to a course, and are specific to the study material or learning materials for that course.
- Subject Sub-PO (Sub-PO)** is a capability that is specifically described from the PO that can be measured or observed and is the final ability that is planned at each learning stage, and is specific to the learning material of the course.
- Indicators for assessing** ability in the process and student learning outcomes are specific and measurable statements that identify the ability or performance of student learning outcomes accompanied by evidence.
- Assessment Criteria** are benchmarks used as a measure or measure of learning achievement in assessments based on predetermined indicators. Assessment criteria are guidelines for assessors so that assessments are consistent and unbiased. Criteria can be quantitative or qualitative.
- Forms of assessment:** test and non-test.
- Forms of learning:** Lecture, Response, Tutorial, Seminar or equivalent, Practicum, Studio Practice, Workshop Practice, Field Practice, Research, Community Service and/or other equivalent forms of learning.
- Learning Methods:** Small Group Discussion, Role-Play & Simulation, Discovery Learning, Self-Directed Learning, Cooperative Learning, Collaborative Learning, Contextual Learning, Project Based Learning, and other equivalent methods.

10. **Learning materials** are details or descriptions of study materials which can be presented in the form of several main points and sub-topics.
11. **The assessment weight** is the percentage of assessment of each sub-PO achievement whose size is proportional to the level of difficulty of achieving that sub-PO, and the total is 100%.
12. TM=Face to face, PT=Structured assignments, BM=Independent study.
