Week-	Final abilities of each learning stage (Sub-PO)	Evaluation		Help Learning, Learning methods, Student Assignments, [Estimated time]		Learning materials [References]	Assessment Weight (%)																															
		Indicator	Criteria & Form	Offline (offline)	Online (online)																																	
(1)	(2)	(3)	(4)	(5)	(6)	(7)	(8)																															

1	Understand the general framework of Leadership lectures.	Able to search for reading sources, analyze and make academic conclusions	Criteria: 1.The assessment criteria are carried out by looking at: 2.1. Participation, carried out by observation and participation during the learning process (weight 2) 3.2. UTS, conducted in the middle of the semester (weight 2) 4.3. Tasks, carried out for each achievement in the indicator	Discussion 2 X 50			0%
2	Understanding the trait approach and skills approach theories in educational leadership.	- Able to explain the trait approach theory and relate it to practice in the field of education. - Able to explain the skills approach theory and relate it to practice in the field of education.	Criteria: 1.The assessment criteria are carried out by looking at: 2.1. Participation, carried out by observation and participation during the learning process (weight 2) 3.2. UTS, conducted in the middle of the semester (weight 2) 4.3. Tasks, carried out for each achievement in the indicator (weight 3) 5.UAS, conducted at the end of the semester to measure overall achievement of indicators (weight 3)	Presentation and discussion. 2 X 50			0%
3	Understand the theory of behavioral approach and situational approach in educational leadership.	Able to explain behavioral approach theory and relate it to practice in the field of education. M able to explain the situational approach theory and relate it to practice in the field of education	Criteria: Participation is carried out by observation and participation during the learning process	Presentations and discussions, 2 X 50			0%
4	Understanding path-goal theory and leader-member exchange in educational leadership.	- Able to explain path-goal theory and relate it to practice in the field of education. - explains the theory of leader-member exchange and relates it to practice in the field of education	Criteria: Participation is carried out by observation and participation during the learning process	Presentation and discussion, 2 X 50			0%

5	Understand the theories of authentic leadership and servant leadership in the field of education	1. Able to explain the theory of authentic leadership and relate it to practice in the field of education. 2. Able to explain servant leadership theory and relate it to practice in the field of education	Criteria: Participation is carried out by observation and participation during the process	Presentation and discussion 2 X 50			0%
6	Understand the theory of adaptive leadership and team leadership in the field of education.	- Able to explain the theory of adaptive leadership and relate it to practice in the field of education. - Able to explain team leadership theory and relate it to practice in the field of education	Criteria: Participation is carried out by observation and participation during the learning process	Presentation and discussion 2 X 50			0%
7	Understand transformational leadership and psychodynamic theories in the field of leadership	Able to explain transformational leadership theory and relate it to practice in the field	Criteria: Participation is carried out by observation and participation during the learning process	Presentation and discussion, 2 X 50			0%
8	Able to understand and analyze all meeting material 1-6	Able to explain the theory from meetings 1-6 and relate it to practice in the field of education	Criteria: UTS, conducted in the middle of the semester (weight 2)	Test 2 X 50			0%
9	Understand gender leadership and cultural leadership theories in the field of education.	- Able to explain gender leadership theory and relate it to practice in the field of education. - Able to explain cultural leadership theory and relate it to practice in the field of education	Criteria: Participation is carried out by observation and participation during the learning process	Presentation and discussion, 2 X 50			0%
10	Able to analyze leadership cases in certain educational institutions	Able to dissect the leadership model applied in an educational institution, based on the theory learned in meetings 2 to 8.	Criteria: Participation is carried out by observation and participation during the learning process	Presentation and discussion, 2 X 50			0%
11	Able to analyze leadership cases in certain educational institutions	Able to dissect the leadership model applied in an educational institution, based on the theory learned in meetings 2 to 8.	Criteria: Participation is carried out by observation and participation during the learning process	Presentation and discussion, 2 X 50			0%
12	Able to analyze leadership cases in certain educational institutions	Able to dissect the leadership model applied in an educational institution, based on the theory learned in meetings 2 to 8.	Criteria: Participation is carried out by observation and participation during the learning process	Presentation and discussion, 2 X 50			0%

13	Able to analyze leadership cases in certain educational institutions	Able to dissect the leadership model applied in an educational institution, based on the theory learned in meetings 2 to 8.	Criteria: Participation is carried out by observation and participation during the learning process	Presentation and discussion, 2 X 50			0%
14	Able to analyze leadership cases in certain educational institutions	Able to dissect the leadership model applied in an educational institution, based on the theory learned in meetings 2 to 8.	Criteria: Participation is carried out by observation and participation during the learning process	Presentation and discussion, 2 X 50			0%
15	Understand educational leadership theory as a whole in the Indonesian context	Able to create a resume about educational leadership that often occurs in Indonesia, with its pluses and minuses.	Criteria: Participation is carried out by observation and participation during the learning process	Presentation and discussion, 2 X 50			0%
16							0%

Notes

- Learning Outcomes of Study Program Graduates (PLO - Study Program)** are the abilities possessed by each Study Program graduate which are the internalization of attitudes, mastery of knowledge and skills according to the level of their study program obtained through the learning process.
- The PLO imposed on courses** are several learning outcomes of study program graduates (CPL-Study Program) which are used for the formation/development of a course consisting of aspects of attitude, general skills, special skills and knowledge.
- Program Objectives (PO)** are abilities that are specifically described from the PLO assigned to a course, and are specific to the study material or learning materials for that course.
- Subject Sub-PO (Sub-PO)** is a capability that is specifically described from the PO that can be measured or observed and is the final ability that is planned at each learning stage, and is specific to the learning material of the course.
- Indicators for assessing** ability in the process and student learning outcomes are specific and measurable statements that identify the ability or performance of student learning outcomes accompanied by evidence.
- Assessment Criteria** are benchmarks used as a measure or measure of learning achievement in assessments based on predetermined indicators. Assessment criteria are guidelines for assessors so that assessments are consistent and unbiased. Criteria can be quantitative or qualitative.
- Forms of assessment:** test and non-test.
- Forms of learning:** Lecture, Response, Tutorial, Seminar or equivalent, Practicum, Studio Practice, Workshop Practice, Field Practice, Research, Community Service and/or other equivalent forms of learning.
- Learning Methods:** Small Group Discussion, Role-Play & Simulation, Discovery Learning, Self-Directed Learning, Cooperative Learning, Collaborative Learning, Contextual Learning, Project Based Learning, and other equivalent methods.
- Learning materials** are details or descriptions of study materials which can be presented in the form of several main points and sub-topics.
- The assessment weight** is the percentage of assessment of each sub-PO achievement whose size is proportional to the level of difficulty of achieving that sub-PO, and the total is 100%.
- TM=Face to face, PT=Structured assignments, BM=Independent study.
