Learning model	Project Based Learning
-----------------------	-------------------------------

Program Learning Outcomes (PLO)	PLO study program that is charged to the course
----------------------------------------	--------------------------------------------------------

PLO-5	Able to Manifest the Character "Intelligent, Religious, Noble Character, Independent, Caring, Academic Ethics and Resilient in the Field of Work, Daily Behavior in Society and State
PLO-6	Able to develop logical, critical, systematic, creative, productive thinking through scientific research and work practices by applying an interdisciplinary or multidisciplinary approach in making decisions as proven by performance in the field of education management
PLO-8	Able to design planning and development of educational management and leadership models for various types and levels of education, solve problems and provide advocacy in the management and leadership of educational institutions through interdisciplinary and/or multidisciplinary approaches according to community needs and context.

Program Objectives (PO)	
--------------------------------	--

PO - 1	CPMK-1 Able to understand, identify and analyze the meaning of audit concepts with a risk management approach in quality assurance activities. Utilize learning resources and information technology to apply audit and quality assurance skills in the management field of educators and solve problems in audit and quality assurance activities
PO - 2	CPMK-2 Master in-depth theoretical concepts regarding audit and quality assurance steps to be applied directly in the field
PO - 3	CPMK-3 Able to abstract audit activities at the managerial and audit team levels
PO - 4	CPMK-4 Able to examine various aspects of audit skills and educational quality assurance carried out systematically

Notes

1. **Learning Outcomes of Study Program Graduates (PLO - Study Program)** are the abilities possessed by each Study Program graduate which are the internalization of attitudes, mastery of knowledge and skills according to the level of their study program obtained through the learning process.
2. **The PLO imposed on courses** are several learning outcomes of study program graduates (CPL-Study Program) which are used for the formation/development of a course consisting of aspects of attitude, general skills, special skills and knowledge.
3. **Program Objectives (PO)** are abilities that are specifically described from the PLO assigned to a course, and are specific to the study material or learning materials for that course.
4. **Subject Sub-PO (Sub-PO)** is a capability that is specifically described from the PO that can be measured or observed and is the final ability that is planned at each learning stage, and is specific to the learning material of the course.
5. **Indicators for assessing** ability in the process and student learning outcomes are specific and measurable statements that identify the ability or performance of student learning outcomes accompanied by evidence.
6. **Assessment Criteria** are benchmarks used as a measure or measure of learning achievement in assessments based on predetermined indicators. Assessment criteria are guidelines for assessors so that assessments are consistent and unbiased. Criteria can be quantitative or qualitative.
7. **Forms of assessment:** test and non-test.
8. **Forms of learning:** Lecture, Response, Tutorial, Seminar or equivalent, Practicum, Studio Practice, Workshop Practice, Field Practice, Research, Community Service and/or other equivalent forms of learning.
9. **Learning Methods:** Small Group Discussion, Role-Play & Simulation, Discovery Learning, Self-Directed Learning, Cooperative Learning, Collaborative Learning, Contextual Learning, Project Based Learning, and other equivalent methods.
10. **Learning materials** are details or descriptions of study materials which can be presented in the form of several main points and sub-topics.
11. **The assessment weight** is the percentage of assessment of each sub-PO achievement whose size is proportional to the level of difficulty of achieving that sub-PO, and the total is 100%.
12. TM=Face to face, PT=Structured assignments, BM=Independent study.
